

## ALL NATIONS 3-GRACEVILLE 0.

The first game was played here Saturday and was a good exhibition although the locals never had a chance to win because of the marvelous pitching of Donaldson, the colored pitcher with the All Nation team. He was the best, we think, we have ever seen here, not even barring Liese, of Long Prairie, last year. Anyway he was good enough striking out 19 men and allowing only three hits. At that the score should have been 2 to 3, if we had got a decision at second base which we should have had, but Umpire Myers couldn't see it so we lost the two runs. Parkhill pitched a clever game for the locals and kept the ten hits made quite widely separated, although he struck out only one man.

Game played June 1, 1912. Graceville, MN
