

A large crowd went to the ball park Monday evening to witness the base ball game between the All Nations and the Chisholm regulars. The game was played by artificial light and was nothing short of a big treat for those were loyal enough to the local team to go out. The weather softened up last evening sufficiently so that the game could be enjoyed without inconvenience from the cold weather. The score started out like a close game from the fifth inning the score stood a tie of 4 and 4. In the twelfth inning however Chisholm picked out the deciding run and when the game finished the audience felt they had had their money's worth.

Game played June 17, 1912. Chisholm, MN
