

The base ball game by electric light between the All-Nations and the Cass Lake team was pulled off as per schedule last Friday evening and resulted in a victory for the professionals by a score of 4 to 0. Base ball by electric light was something decidedly new to the locals in every particular, which would naturally mean defeat, but in spite of all this the Lake boys gave a good account of themselves. Thursday and Friday the All-Nations defeated Akeley in three games and defeated Bemidji Sunday.

Game played June 28, 1912. Cass Lake, MN
