

The All Nations have the fastest aggregation of ball tossers that the local team has been up against this year and the home team was closely out-classed.

Donaldson, the dusky gent who did the twirling for the visitors, proved a conundrum for the Towner batters and they only secured two little hits while twenty strike-outs were chalked up against them.

Gossage, for Towner, pitched good ball allowing nthe hits and securing seven strike-outs.

The only chance Towner had of scoring was in the ninth inning when one man reached third base.
