

**All-Nations Win.**

The All-Nation club played here on Wednesday and defeated the local team by the tune of 11 to 1. But the game was not so bad as the score would indicate.

The Nations started with a vengeance, getting three runs off Jobst in the first inning, the third run being a home run hit by the Cuban shortstop. From this on things sailed a little smoother, but they collected a run or two in each frame until they got the score up to the big total given above. Granite's lone score came in this way. Dunba; the Nations' pitcher, allowed a base on balls, then struck two men, filling 'the bases. With one down a score came in on a passed ball by the catcher. Pfraemer relieved Jobst in the 4th inning and got away good.

The All-Nations is one of the fastest teams ever played here and Wednesday demonstrated how fast they were by knocking down many drives that would have gone for hits with any other team about here. Donaldson, the big coon and one of the best colored pitchers in the game, threw the last inning, striking out three men, but allowing one hit, Pfraemer getting the bingle.

Game played June 11, 1913. Granite Falls, MN
