

### All Nations Win Game

The game of ball last Thursday afternoon between the home team and the celebrated All Nation Club was an exhibition of fast, snappy ball playing that greatly pleased the large crowds that had assembled at the ball park.

The grounds were in very poor shape, due to the flood of a few days previous, which was accountable in some instances for the numerous errors made by the players on both sides.

The mighty Donaldson was in the box for the transients and his work was very clever his curves and speed proved too deceptive for the locals, who were given but three hits throughout the game. He secured twelve strike outs. Handberg also done very effective work and was given good support. The score was 6 to 0 in favor of the visitors.

Game played June 18, 1914. Jasper, MN
