

# ALL NATIONS 8; STUMPPULLERS 0

Nine hundred and twenty-six fans gathered at the Interurban ball park yesterday afternoon to see the Stump Pullers meet their second defeat at the hands of the All Nations team. It was a hard drubbing to take as the All Nations rushed in eight scores while Donnelson stood on the mound and pitched a no-hit game. The local team was unable to find the black pitcher for any kind of a hit and only three men were allowed to see a base, Freeland going to first base, when he knocked a long fly in centerfield and Brindley dropped it, Reardon going to first on a fielder's choice and Wheeler walking. Freeland was called out by the umpire on third base, when he attempted to steal and it was the opinion of the crowd that he had arrived on the sack in plenty of time. The umpire could not see very well and John Bail was taken out and Flactiff placed behind the pitcher to oversee the game.

Sunday's game started out with Randall in the box and after four men had faced him, allowing two hits, a fly to left field and Wheeler went to the fielding position. Reardon lasted until the first half of the third and was placed back in the field and Wheeler went in the box. Donnelson was the first man up and singled Wheeler for three bases and he was continually pounded by the hard hitting bunch of All Nations. Nothing seemed to stop them from their slaughter. Donnelson had no mercy and struckout 16 men during the game and his fielders watched every ball that was hit. It was just a case of the All Nations being too fast for the Centerville team.
