

ALL NATIONS VS. DE SMET.

About sixteen hundred people witnessed the forenoon ball game between the locals and the noted All Nations. The great Donaldson was in the box for the visitors, and he showed what he can do as a strikeout artist. Before he tightened up our boys secured two runs, and during the rest of the game he did not dare loosen up for fear of losing the game. Three hits were secured, and a number of men were on bases. Aside from Donaldson the team is not especially strong, and with anyone else in the box the De Smet team would have no trouble in handling them.

Pfrenmer pitched six innings for the locals, Murphy finishing. The boys played good ball, and the game was hotly contested. In the fifth the visitors secured three scores, making five, all they were able to get.

Wilfred Sturgeon, a former De Smet ball player, umpired, to the entire satisfaction of players and spectators.
