

LOCALS TRIM UP ALL NATIONS TEAM

Score Was 3 to 1 — There Will
be Another Lively Game
Next Sunday

Quite a large crowd journeyed out to Schoppe's Park last Friday to see the locals trim the All Nations by a score of 3 to 1. Torkelson was at his best and the way he "fanned" the many-hued visitors was a sight well worth seeing. The support he received from the balance of the team was of the A-1 order and every play was as smooth as clock-work. The All Nations undoubtedly possess a good team but they were up against the real thing when they tackled State Center and suffered the consequences. Nearly all the business houses closed for the afternoon in order to give their employes an opportunity to see the game and the down town section of the city looked as bare as a tree in winter. All who attended came away satisfied that they had witnessed a real ball game and that State Center possesses talent of which she can justly be proud.

Game played September 17, 1915 at State Center, IA
