

### **All Nations 2, De Smet 0.**

Sunday the same teams played at Lake Kampeska, and it was another fast game. Gitchell and Nelson presided for De Smet and Donaldson had Coleman for All Nations. In the third inning Gitchell knocked the ball over the fence for a home run which was not given him by the umpire. A kid threw the ball in, a fact acknowledged by the opposing team, and seen by any number of people—except the umpire. Because he was looking the other way and did not see the block he refused to call it, so the runner was stopped at third. In the sixth Mendez hit over the fence and that being seen by the umpire he was given credit. In the ninth Donaldson repeated the stunt, and this closed the scoring for the game. Spectators say our team was right in the All Nation class, even with their big man in the box, and the boys feel that had they been given the home run they earned the game would have resulted differently. Donaldson struck out twelve men, allowing three hits. Gitchell struck out four, allowing five hits.
