

The Bowdon ball team put up a good article of ball against the All Nations here on Tuesday afternoon and the several hundred fans in attendance were well satisfied with the exhibition. Wolfe was on the mound for the locals and aside from a sprained ankle which prevented him from fielding his position in his usual perfect way, was in good shape and held the heavy hitters of the opposing team at his mercy and sent a goodly number back to their bench after pawing away at three healthy ones while others were content to hit anywhere just to save striking out. Wm. Matthews, who has been secured by Manager Eynon to catch for the remainder of the season, did pretty work behind the plate and secured the first safe hit of the game. Petro and Coleman were the All Nations battery. It is safe to say that but for Wolfe's bum ankle the game would in all probability have gone beyond nine innings with chances even for Bowdon winning the game. The score was 1 to 0 in favor of the All Nations, the score being made in the 8th inning.

Game played June 27, 1916 at Bowden, ND
