

PLAY "ALL-NATIONS" ON MONDAY

LOCAL TEAM WILL RUN UP
AGAINST A FAST NINE AT WY-
LIE PARK ON MONDAY

Aberdeen baseball fans will have an opportunity to witness something out of the ordinary when the Aberdeen ball team meets the All Nations Baseball club at Wylie park

next Monday evening, July 13, at 8:30 o'clock. This team comes to Aberdeen with the best reputation, as to ball playing, of any team playing here for some few years. During the season of 1913 they played 115 games, won 121 of them, lost 17 and tied 4. They carry with them a battery that has played with and against some of the greatest ball players in the world. Mendez, one of their pitchers, defeated the Detroit Tigers, the American league champions in a ten inning game, 1 to 0. During that game he struck out Ty Cobb and Sam Crawford. They also have with them John Donaldson, the noted colored pitcher, who won 80 games out of the 85 that he played in two seasons.

Their team consists of eleven play-

ers, nine of which represent nine different nations in the world.

This will be by far the hardest game the Aberdeen boys have played this year and there is a little doubt as to who will come out on top. The local team men seem confident of victory but they are not going to say very much until after the game and then of course it will depend. The game for next Sunday has not been arranged yet but the Aberdeen team figures on playing either the Taconia park team or the Groton boys. There will be special street car service for the game next Monday evening.
