

The famous All Nations base ball team played the Beresford league team at Alcester Monday afternoon and held the Beresford team scoreless until their last time at bat. The game was to have been played in Beresford, but owing to the wet grounds the game was transferred to Alcester. About a hundred and twenty dollar crowd saw the game and all are unanimous in saying that the All Nations are a clean bunch of players and a real ball team. Donaldson pitched the greater part of the game and those from here who saw the game say he has lost none of his cunning or speed. Whenever he wanted to he struck out the best Beresford men, but in the last frame let 'em score a couple. The All Nations made eight runs and could have made more. They have a splendid aggregation of ball tossers.

Game played July 10, 1922 at Alcester, SD
