
All Nations Here Tuesday

The famous All Nations baseball club will be in Aurelia and play the local team on the afternoon of Tuesday, July 11. The All Nations travel in their own private combination hotel railway car and carry a canvas fence and canopy covered grandstand.

Among the All Nations are the famous John Donaldson, the greatest colored pitcher in the U. S. today; Jose Mendez of Havana, Cuba, considered the best all around player; Joe Graves, the Indian pitcher who belongs to the Philadelphia Athletics and is only loaned to the All Nations; Naite, the Japanese, comes directly from the university at Tokio, Japan, and is considered the best player on the team. They also have a Chinaman who is almost as

good as Naite. Blainier, the giant
Hawaiian, plays second.

All Nations Too Much For Us

The All Nation ball team was too much for our boys in the game here Tuesday afternoon and won the game 3 to 0. Jose Mendez, the Cuban pitcher, had the locals on his list and held them to a single hit which was made by Albert Rapp in the eighth inning. Mendez struck out seventeen of our batters and only three of them reached first, Smith when his third strike was missed and Gano on an error by Makam, the Chinese shortstop. Koyer was beat out of a hit in the seventh when the right fielder made a nice run and scooped up his fly.

Gano pitched shutout ball for the Aurelia team. He struck out nine of the All Nations, allowed only six hits,

and would have held the visitors scoreless but for a couple of errors by Smith in the fifth inning when they made their three scores.
