

**PALM BEACH WEEKLY REVIEW.**

(By Noble Sissle)

Breakers win fourth and drop fifth in series with Poinciana.

Head Waiter Melane, of Poinciana, has to send for fifteen more waiters from Atlanta on account of great crowd.

PALM BEACH, Fla., Feb. 13.—The Breakers' strong team, under the leadership of Cyclone Williams, the peerless hurler; is making the race for the pennant hot for the Poinciana team. In fact it is almost terminating into a one-sided affair.

Manager C. J. Taylor, of the Poinciana team, although he gave his team a severe shaking up by shifting the lineup, has not been able to stop the terrible onslaught of the Breakers. Notwithstanding the mighty Donaldson from Kansas City, has been doing some great pitching, the Poinciana team has only been able to win two out of five games.

Johnson won his game Tuesday, the 8th, from the Breakers and the Poinciana team, outdid itself at batting and fielding.

## **McLANE SENDS FOR MORE WAITERS.**

Mr. McLane, head waiter of the Poinciana, has to send to Atlanta for more waiters as the business is so rushing this week. There are more guests in the house at this time of year than ever before in the history of the hotel.

The cake walks are drawing large crowds. Kid Cole won the last cake walk at the Breakers Hotel.

The sextet of the Hotel Poinciana and the Elks Band and Kelley's Band are all doing big business.

The entertainers at the Breakers Hotel are also making good.

The Friday and Tuesday dances give the colored employes chance to have a celebration at their quarters, of which every team was victorious as the games are played in these days.

## **OFF THE BAT.**

Ben Taylor is creating quite a sensation with the bat in the games. Three sackers are common for him.

Wallace of the Breaker team is the greatest tagger in the business. He does it so quick that even the umpire has difficulty in seeing whether he touches his man or not. He is supposed to be the only player of any race who can tag Ty Cobb coming to second base.

Pierce is a good catcher, only he has trouble, at the wrong time, in locating the second sack.

The Breakers are a fighting team. Its common to see the catcher out settling the second base men's arguments, which looks very amateurish.

The colored players here in Palm Beach have a chance to do more for Negroes in the sporting world than any place else in the universe. Such families as the Astors, Vanderbilts, Morgans and hundreds of others, who never go to see a ball game outside of Palm Beach, are seen at every game rooting hard for their favorite team. Each player should at all times govern himself in the way he talks and acts, so as to establish a high standard of

sportsmanship before these people of wealth and influence.

These people come to the games and contribute heavily and they expect to see an honest, hard fought game.

We, as a race, have too much to our discredit now in the way of unmanly principles than to ever be guilty of ever making the slightest move that would look suspicious, especially before these people who are our friends and who have made it possible that we can stay in this country with the few privileges we now enjoy. They

won't tolerate off us what they don't  
off of their own. Let us hope that  
none of our boys will ever display an  
unsportsmanlike conduct before these  
philanthropists.
