

The All Nation baseball club appeared here June 2d, as scheduled. It was to be regretted that the day was so showery as to put the diamond in poor shape. Our boys were in good form, however, and considering that this was their first game since organizing, they did excellent work and up to the last inning held the visitors to one score. In the last half the visitors perked up pretty lively and made the score read 4 to 0. They went from here to Woodbine, where they played Wednesday.
