

# TRIUMPHS WILL MEET ALL-NATIONS SUNDAY

Next Sunday afternoon, at Rourke Park, the All-Nations team will do battle for the second time with Fred Bradford's Storz Triumphs. The Brewers defeated the All-Nations last spring, but the visitors have had a lot of practice since then and expect to retaliate. Their pitching staff is particularly strong.

Donaldson, the "smoke" southpaw with the All-Nations, whose pitching last spring when he whiffed nineteen of the hard hitting Triumphs gave him a local reputation of being the greatest twirler playing semi-pro. ball, still continues his wonderful work.

Newspaper reports also tell of the wonderful work of Carrie Nation, the greatest woman ball player in the game today, and of the whole team as being far superior to the usual run of traveling baseballists.

Monday Donaldson pitched against the LeMars, Ia., team, defeating that aggregation 3 to 1. Gaspar, last year with the Cincinnati National league team, was on the slab for the LeMars boys.
