

ALL NATION STARS TO PLAY HERE SATURDAY

After a most successful season, featured by the winning of eleven consecutive shutout games, the All Nations will have a final clash with Manager Bradford's Storz, Saturday and Sunday at Rourke park. With the All Nations are Donaldson, the greatest colored pitcher in the world; Jackson, whose terrific speed has gained him the title of "Cannon Ball;" Mendez, the wonderful Cuban, and Reeves, a full-blooded Chippewa Indian,

reputed to be Donaldson's equal, and, like the lanky negro, a southpaw.

Being remarkable all around ball players and consistent hitters, Mendez and Donaldson, when not taking their turns in the box, are used at short and in middle field respectively.
