## ALL NATIONS TO BE HERE.

---

The "All Nation" base ball team, which has been touring the state during the past month, and who have been taking into camp nearly every team which they meet, are scheduled to play here on Wednesday, July 7. This promises to be a great exhibition of the national game, for every player on the visiting team is a star. The locals will strengthen up considerably on that day and a good game is promised. Among the players who make up the all nation team are Mendez, the great Cuban star who made such

**a record against the Philadelphia team on their trip to Cuba. They have in Donaldson another great pitcher who has defeated some of the greatest teams in the United States. He is considered the greatest colored pitcher in baseball. The game will start promptly at three o'clock.**
