

BALL GAME AT WYLIE TODAY

**EAST ALL-NATIONS AGGREGA-
GATION WILL PLAY THE ABER-
DEEN TEAM AT WYLIE PARK**

This evening at 7 o'clock sharp, Manager Kruger's bludgeon wielders will battle with the famous All-Nations aggregation at Wylie park.

The All-Nations team is an organization which has been playing together for many seasons and have made quite a record during their travels through the country. The team has played in many of the big cities and has always put up a big league style of ball.

One of the big features of this aggregation is its staff of pitchers, every one a speed artist with plenty of control and ability to put the stuff on the ball.

John Donaldson, probably the greatest colored pitcher in the game today, is twirling for the All-Nations this season. He pitched 85 games last season, winning 80 of them. He will be on the mound for the All-Nations in today's game.

Prieto and Mendez, two famous Cuban pitchers, are with the team this year and have been cleaning things up all along the line. Mendez defeated the Detroit Tigers, "American League Champions," by the score of 1 to 0. The game was ten innings, during which he fanned Ty Cobb and Sam Crawford. Prieto, another sensational Cuban twirler, has the record of not losing a game during the entire season at Havana, Cuba. The team also has a man playing second, Blukol, the Hawaiian, with a reputation of being the best all round ball player outside of organized baseball.

The locals have been putting in some good hard practice lately and will have their strongest lineup in the field for today's battle. Last

Sunday's game gave Manager Kruger a chance to find the weak spots in his team and these have been strengthened during the practices.

The roads are in good condition and the usual car services will be had with plenty of cars to handle the crowd.
