The ball game here on Tuesday between the All Nation Club and the Leeds team was won by the All Nation, with a score of 9 to 8.

Four auto loads from here went up to Rolette Tuesday afternoon to see the ball game between Leeds and the All Nations team. Barring the fact that the Leeds team couldn't hit the ball safely, nor field with any degree of success, nor run bases faster than a walk, and that the All Nations team batted the Leeds pitcher all over the lot, and that the result after the first inning was never in doubt, it was a pretty fair game.

On Tuesday afternoon the Leeds team met the All Nations and the result was 8 to 9 in favor of the dusky visitors from the south. A good game was expected as the Leeds team played the same aggregation a 1 to 0 game on Sunday in which the All Nations were the victors. As the game was about to close the second pitcher for the All Nations was giving out and the Leeds team ran in scores so fast that it looked as though they would walk away with the game. The star pitcher, a cheerful darky, then went into the box and that held the Leeds men down through the inning and this finished the game.
