

### **Local Ball Team Beats All Nations.**

In a very interesting and well-played game on the Sidney diamond, the home team defeated the All-Nation Club by a score of 7 to 6. The local boys played their best game of the season, and their batting was the feature of the game, 11 hits being made off the All-Nations' three pitchers, Russell, Jones and Smith. Russell, the darkey, lasted but one inning, Sidney getting five hits and four scores off his delivery. Jones, their next pitcher, lasted but four innings, and was taken out when it was evident that Sidney was getting onto him. Smith was put in Jones' place, and made a good finish, but in the tenth inning two safeties and a daad ball netted the run that gave Sidney the game. Caven was on the mound for the locals, and pitched masterly ball thru'out the contest, getting eight strike-outs and fielding his position faultlessly. It was as good a game as has ever been seen here, and Sidney certainly deserves a great deal of credit for the gilt-edge ball it put up on this occasion, in order to better a team of the class of the All-Nations, which has some of the best players outside of organized base ball.

Game played July 2, 1915 at Sidney, MT
