

Cuban Stars Will Meet A. B. C.s in Two Games Today

C. I. Taylor's A. B. C.'s are in the best of condition for their five-game series with the Cuban All Stars, according to an announcement by Taylor last night. The players have been working out dally at Northwestern Park, and are prepared to win the series with the Stars. Two games will be played this afternoon, the first one starting at 2-30 o'clock, while one game will be played on Monday, Tuesday and Wednesday afternoon of next week.

Manager Molina, of the Islanders, claims to have a splendid balanced

team. Nearly every man on the club can play two or more positions and each member of the team, with the exception of catcher, Rodriguez, is a hard hitter. Rodriguez, although not a slugger, is a good man to have at the plate in the pinch. Martinez, a new man with the visitors, is said to be one of the best pitchers that ever played with the team. This is his first visit to the states and he has been going in tip-top fashion all season. He is taking the place of Padron and is said to pitch in the same style as the latter. Junco, another one of the twirlers, has been coming to the states for the past five seasons. Last year he defeated Rube Foster's American Giants in five out of seven games. He also won two out of three contests from the A's at Washington Park last season.

Donaldson and Coleman, star battery for the locals, will face the Cubans in the first tilt today with Jefferies and Powell working against the Stars in the second scrap. Taylor's team will line up in the same order that they did against the soldier nine recently, while the Cubans will line up as has been an-

nounced, except that Villa will cover second with Jeminez at short.

As a special attraction today the left-handed members of the A's will put on an exhibition of infielding before the first game and between contests. They will line up as follows: B. Taylor, c; Charleston, 1b; Jefferies, ss; Lyons, 2b, and Donaldson, 3b.
