

KANSAS CITY MONARCHS MEET A. B. C.S TOMORROW

The Kansas City Monarchs come to this city tomorrow for a five-game series with the A. B. C.s. Last year the Monarchs finished in third place, tied with the local team, and are old-time rivals. Currie, their star pitcher, hurled three extra inning games against the A.s last season. "Dicke" Johnson opposing him each time. The Kansas City team has three other box stars in Crawford, Morgan and Foreman. Their infield consists of Portuendo, a Cuban, at third; Moore, short; Fagen, second; Blatner, first. Moore, the shortstop, is one of the most valuable men in the league, being a great fielder, good hitter and fast baserunner. In Donaldson, McNair and Hawkins, the Monarchs boast of one of the hardest hitting outfielders in the circuit.

The A. B. C.s are making every effort to bolster the club. Manager Ben Taylor left last Wednesday for Mt. Pleasant, O., in an effort to sign Powell, the veteran backstop. Powell is a great receiver and knows how to handle young pitchers. Kenyon, big right-handed pitcher, also will report from the Arkansas Baptist col-

lege in time to get into the coming series. In the games played so far in the regular league schedule the A. B. C.s have won four and lost three. It looks as though the right combination has been struck with Clark back on the infield and Manager Taylor reports a great deal of confidence among the players. The game tomorrow starts at 3:15, while the Sunday affair begins at 3.
