

ABERDEEN WILL PLAY WEEK ALL-NATIONS NEXT

The Aberdeen baseball team will play the famous All-Nations aggregation at Wylie park next Wednesday afternoon, June 21.

This organization has played many seasons together and has a wonderful record. The team has played in many of the big cities and has always been noted for the splendid exhibition of the game it puts up.

One of the big features of this aggregation is its staff of speed artists. These speed artists compose the pitching staff of the team and each one of the twirlers has a record for speed and control.

Mendez and Prieto, two famous Cuban pitchers are with the team

this year and have been cleaning things up all along the line. John Donaldson, the premier of all colored slab artists in this country, is also with the team to aid in giving it some of the pep for which it is noted.

Manager Kreuger is putting his bunch through good hard practice for this game and the game with Ellendale which will be played here next Sunday. He will get a few pointers on the spots in the team which need strengthening by Sunday's game and will put the team through extra practice the first of next week in preparation for the game with the All-Nations, which promises to be the big game of the season.

—

Aberdeen, June 15.—Special.—
The All-Nations baseball club is making an excellent record during their barnstorming trip through South Dakota. The scores of the last three games are as follows: All-Nations 5, De Smet 4; All-Nations, 5, Huron 1; and All-Nations 5, Hurley 1.
