Brown's Tennessee Rats won easily from Osage Saturday by a score of 10 to 7, securing most of their scores on errors. Stickney pitched good ball but errors were so numerous and regular that a large score resulted. As Osage played Waverly the following day, Tupper was in the box only two innings, not a Rat reaching first base while he pitched. If Tupper had started the game the score would have been different as their sluggers seemed unable to connect with his offerings. In the last innings the Rats marshalled out the star pitcher as the other two seemed easy for the Osage boys. This man proved he had "the goods," no one obtaining a hit tho he gave a base on balls. Tupper had the misfortune to sprain his ankle during the game and was unable to go to Waverly where the team lost 10 to 0, due entirely to the fact that Sexton was not in self possessed condition. The Tennessee Rats will be here with their Minstrel show during the Fair and will play one of the games which will be closely contested.
