The exhibition ball game played in Langdon last Saturday evening between the All Nations team and Loma drew a very large crowd and everyone was well pleased with the exhibition. The All Nations team is a wonderful organization of ball players, and while the two teams were not evenly matched on Saturday night, everyone enjoyed the fast playing of the visitors. The Loma boys had tightened up considerably for the occasion, but were unable to keep their colored opponents from scoring regularly. Donaldson, the famous colored pitcher, was on the mound for the All Nations during the last inning as a courtesy to his many admirers among the fans of this locality.
